

THE STATE SCHOOL AID ACT OF 1979 (EXCERPT)

Act 94 of 1979

ARTICLE 10

388.1701 Eligibility to receive state aid; filing certified and sworn copy of enrollment; failure to file; withholding state aid; falsification; minimum hours of pupil instruction; forfeiture; certification; strikes or teachers' conferences; rules; hours not counted as pupil instruction; alternative scheduling program; certification of planned number of hours of pupil instruction; conditions requiring forfeiture; waiver for alternative education program; counting qualifying professional development as pupil instruction.

Sec. 101. (1) To be eligible to receive state aid under this act, not later than the fifth Wednesday after the pupil membership count day and not later than the fifth Wednesday after the supplemental count day, each district superintendent through the secretary of the district's board shall file with the intermediate superintendent a certified and sworn copy of the number of pupils enrolled and in regular daily attendance in the district as of the pupil membership count day and as of the supplemental count day, as applicable, for the current school year. In addition, a district maintaining school during the entire year, as provided under section 1561 of the revised school code, MCL 380.1561, shall file with the intermediate superintendent a certified and sworn copy of the number of pupils enrolled and in regular daily attendance in the district for the current school year pursuant to rules promulgated by the superintendent. Not later than the seventh Wednesday after the pupil membership count day and not later than the seventh Wednesday after the supplemental count day, the intermediate district shall transmit to the center revised data, as applicable, for each of its constituent districts. If a district fails to file the sworn and certified copy with the intermediate superintendent in a timely manner, as required under this subsection, the intermediate district shall notify the department and state aid due to be distributed under this act shall be withheld from the defaulting district immediately, beginning with the next payment after the failure and continuing with each payment until the district complies with this subsection. If an intermediate district fails to transmit the data in its possession in a timely and accurate manner to the center, as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If a district or intermediate district does not comply with this subsection by the end of the fiscal year, the district or intermediate district forfeits the amount withheld. A person who willfully falsifies a figure or statement in the certified and sworn copy of enrollment shall be punished in the manner prescribed by section 161.

(2) To be eligible to receive state aid under this act, not later than the twenty-fourth Wednesday after the pupil membership count day and not later than the twenty-fourth Wednesday after the supplemental count day, an intermediate district shall submit to the center, in a form and manner prescribed by the center, the audited enrollment and attendance data for the pupils of its constituent districts and of the intermediate district. If an intermediate district fails to transmit the audited data as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If an intermediate district does not comply with this subsection by the end of the fiscal year, the intermediate district forfeits the amount withheld.

(3) All of the following apply to the provision of pupil instruction:

(a) Except as otherwise provided in this section, each district shall provide at least 1,098 hours of pupil instruction. Except as otherwise provided in this act, a district failing to comply with the required minimum hours of pupil instruction under this subsection shall forfeit from its total state aid allocation an amount determined by applying a ratio of the number of hours the district was in noncompliance in relation to the required minimum number of hours under this subsection. Not later than August 1, the board of each district shall certify to the department the number of hours of pupil instruction in the previous school year. If the district did not provide at least the required minimum number of hours of pupil instruction under this subsection, the deduction of state aid shall be made in the following fiscal year from the first payment of state school aid. A district is not subject to forfeiture of funds under this subsection for a fiscal year in which a forfeiture was already imposed under subsection (6). Hours lost because of strikes or teachers' conferences shall not be counted as days or hours of pupil instruction.

(b) Except as otherwise provided in subdivision (c), a district not having at least 75% of the district's membership in attendance on any day of pupil instruction shall receive state aid in that proportion of 1/180 that the actual percent of attendance bears to the specified percentage.

(c) Beginning in 2005-2006, at the request of a district that operates a department-approved alternative

education program and that does not provide instruction for pupils in all of grades K to 12, the superintendent shall grant a waiver for a period of 3 school years from the requirements of subdivision (b) in order to conduct a pilot study. The waiver shall indicate that an eligible district is subject to the proration provisions of subdivision (b) only if the district does not have at least 50% of the district's membership in attendance on any day of pupil instruction. Not later than 2008-2009, the department shall report on the impact of this waiver on the academic achievement of pupils in these districts to the state budget director and the senate and house appropriations subcommittees on state school aid. In order to be eligible for this waiver, a district must maintain records to substantiate its compliance with the following requirements during the pilot study:

(i) The district offers the minimum hours of pupil instruction as required under this section.

(ii) For each enrolled pupil, the district uses appropriate academic assessments to develop an individual education plan that leads to a high school diploma.

(iii) The district tests each pupil to determine academic progress at regular intervals and records the results of those tests in that pupil's individual education plan.

(d) The superintendent shall promulgate rules for the implementation of this subsection.

(4) Except as otherwise provided in this subsection, the first 30 hours for which pupil instruction is not provided because of conditions not within the control of school authorities, such as severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or health conditions as defined by the city, county, or state health authorities, shall be counted as hours of pupil instruction. Beginning in 2003-2004, with the approval of the superintendent of public instruction, the department shall count as hours of pupil instruction for a fiscal year not more than 30 additional hours for which pupil instruction is not provided in a district after April 1 of the applicable school year due to unusual and extenuating occurrences resulting from conditions not within the control of school authorities such as those conditions described in this subsection. Subsequent such hours shall not be counted as hours of pupil instruction.

(5) A district shall not forfeit part of its state aid appropriation because it adopts or has in existence an alternative scheduling program for pupils in kindergarten if the program provides at least the number of hours required under subsection (3) for a full-time equated membership for a pupil in kindergarten as provided under section 6(4).

(6) Not later than April 15 of each fiscal year, the board of each district shall certify to the department the planned number of hours of pupil instruction in the district for the school year ending in the fiscal year. In addition to any other penalty or forfeiture under this section, if at any time the department determines that 1 or more of the following has occurred in a district, the district shall forfeit in the current fiscal year beginning in the next payment to be calculated by the department a proportion of the funds due to the district under this act that is equal to the proportion below the required minimum number of hours of pupil instruction under subsection (3), as specified in the following:

(a) The district fails to operate its schools for at least the required minimum number of hours of pupil instruction under subsection (3) in a school year, including hours counted under subsection (4).

(b) The board of the district takes formal action not to operate its schools for at least the required minimum number of hours of pupil instruction under subsection (3) in a school year, including hours counted under subsection (4).

(7) In providing the minimum number of hours of pupil instruction required under subsection (3), a district shall use the following guidelines, and a district shall maintain records to substantiate its compliance with the following guidelines:

(a) Except as otherwise provided in this subsection, a pupil must be scheduled for at least the required minimum number of hours of instruction, excluding study halls, or at least the sum of 90 hours plus the required minimum number of hours of instruction, including up to 2 study halls.

(b) The time a pupil is assigned to any tutorial activity in a block schedule may be considered instructional time, unless that time is determined in an audit to be a study hall period.

(c) Except as otherwise provided in this subdivision, a pupil in grades 9 to 12 for whom a reduced schedule is determined to be in the individual pupil's best educational interest must be scheduled for a number of hours equal to at least 80% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil. A pupil in grades 9 to 12 who is scheduled in a 4-block schedule may receive a reduced schedule under this subsection if the pupil is scheduled for a number of hours equal to at least 75% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.

(d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program or a special education pupil cannot receive the required minimum number of hours of pupil instruction solely because of travel time between instructional sites during the school day, that travel time, up to a maximum of 3 hours per school week, shall be considered to be pupil instruction time for the purpose of determining whether the pupil is receiving the required minimum number of hours of pupil instruction. However, if a district demonstrates to

the satisfaction of the department that the travel time limitation under this subdivision would create undue costs or hardship to the district, the department may consider more travel time to be pupil instruction time for this purpose.

(e) In grades 7 through 12, instructional time that is part of a junior reserve officer training corps (JROTC) program shall be considered to be pupil instruction time regardless of whether the instructor is a certificated teacher if all of the following are met:

(i) The instructor has met all of the requirements established by the United States department of defense and the applicable branch of the armed services for serving as an instructor in the junior reserve officer training corps program.

(ii) The board of the district or intermediate district employing or assigning the instructor complies with the requirements of sections 1230 and 1230a of the revised school code, MCL 380.1230 and 380.1230a, with respect to the instructor to the same extent as if employing the instructor as a regular classroom teacher.

(8) The department shall apply the guidelines under subsection (7) in calculating the full-time equivalency of pupils.

(9) Upon application by the district for a particular fiscal year, the superintendent may waive for a district the minimum number of hours of pupil instruction requirement of subsection (3) for a department-approved alternative education program. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, for the fiscal year covered by the waiver the district is not subject to forfeiture under this section for the specific program covered by the waiver. If the district does not comply with the terms of the waiver, the amount of the forfeiture shall be calculated based upon a comparison of the number of hours of pupil instruction actually provided to the minimum number of hours of pupil instruction required under subsection (3).

(10) A district may count up to 38 hours of qualifying professional development for teachers, including the 5 hours of online professional development provided by the Michigan virtual university under section 98, as hours of pupil instruction. However, if a collective bargaining agreement that provides more than 38 but not more than 51 hours of professional development for teachers is in effect for employees of a district as of the effective date of the 2006 amendatory act that amended this subsection, then until the fiscal year that begins after the expiration of that collective bargaining agreement a district may count up to 51 hours of qualifying professional development for teachers, including the 5 hours of online professional development provided by the Michigan virtual university under section 98, as hours of pupil instruction. A district that elects to use this exception shall notify the department of its election. As used in this subsection, "qualifying professional development" means professional development that is focused on 1 or more of the following:

(a) Achieving or improving adequate yearly progress as defined under the no child left behind act of 2001, Public Law 107-110.

(b) Achieving accreditation or improving a school's accreditation status under section 1280 of the revised school code, MCL 380.1280.

(c) Achieving highly qualified teacher status as defined under the no child left behind act of 2001, Public Law 107-110.

(d) Maintaining teacher certification.

388.1704a State assessments to high school pupils.

Sec. 104a. (1) Subject to subsection (14) and section 104b, until the end of the 2005-2006 school year, in order to receive state aid under this act, a district shall comply with this section and shall administer state assessments to high school pupils in the subject areas of English language arts, mathematics, science, and social studies. If the superintendent determines that it would be consistent with the purposes of this section, the superintendent may designate the grade 11 Michigan education assessment program tests as the assessments to be used for the purposes of this section. The district shall include on the pupil's high school transcript all of the following:

(a) For each high school graduate who has completed a subject area assessment under this section, the pupil's scaled score on the assessment.

(b) If the pupil's scaled score on a subject area assessment falls within the range required under subsection (2) for "exceeds expectations", "meets expectations", or "basic", an indication that the pupil has achieved state endorsement for that subject area.

(c) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(2) The superintendent shall develop scaled scores for reporting subject area assessment results for each of the subject areas under this section. The superintendent shall establish 4 categories for each subject area indicating exceeds expectations, meets expectations, basic, and below basic, and shall establish the scaled score range required for each category. The superintendent shall design and distribute to districts, intermediate districts, and nonpublic schools a simple and concise document that describes these categories in each subject area and indicates the scaled score ranges for each category in each subject area. A district may award a high school diploma to a pupil who successfully completes local district requirements established in accordance with state law for high school graduation, regardless of whether the pupil is eligible for any state endorsement.

(3) The assessments administered for the purposes of this section shall be administered to pupils during the last 90 school days of grade 11. The superintendent shall ensure that the assessments are scored and the scores are returned to pupils, their parents or legal guardians, and districts not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate the pupil's scaled score for each subject area assessment, the range of scaled scores for each subject area, and the range of scaled scores required for each category established under subsection (2). In reporting the scores to pupils, parents, and schools, the superintendent shall provide specific, meaningful, and timely feedback on the pupil's performance on the assessment.

(4) Beginning with assessments conducted in the 2005-2006 school year, all of the following apply to the assessments under this section:

(a) The superintendent shall ensure that any contractor used for scoring the assessment supplies an individual report for each pupil that will identify for the student's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to

assess and remedy problems before the pupil moves to the next grade.

(b) The superintendent shall ensure that any contractor used for scoring, developing, or processing an assessment instrument meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the software engineering institute of Carnegie Mellon university for the 2005-2006 school year assessments and at least meeting level 3 of the capability maturity model for subsequent assessments.

(c) The superintendent shall ensure that any contract it enters into for scoring, administering, or developing an assessment instrument includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent shall ensure that the assessment instruments meet all of the following:

(i) Are designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Comply with requirements of the no child left behind act of 2001, Public Law 107-110.

(iii) Are consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American psychological association.

(iv) Are factually accurate. If the superintendent determines that a question is not factually accurate and should be removed from an assessment instrument, the state board and the superintendent shall ensure that the question is removed from the assessment instrument.

(5) For each pupil who does not achieve proficiency in 1 or more subject areas, the board of the district in which the pupil is enrolled shall provide that there be at least 1 meeting attended by at least the pupil and a member of the district's staff or a local or intermediate district consultant who is proficient in the measurement and evaluation of pupils. The district may provide the meeting as a group meeting for pupils in similar circumstances. If the pupil is a minor, the district shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the meeting and shall mail a notice of the meeting to the pupil's parent, legal guardian, or person in loco parentis. The purpose of this meeting and any subsequent meeting under this subsection shall be to determine an educational program for the pupil designed to have the pupil achieve state endorsement in each subject area in which he or she did not achieve state endorsement. In addition, a district may provide for subsequent meetings with the pupil conducted by a high school counselor or teacher designated by the pupil's high school principal, and shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the subsequent meetings. The district shall provide special programs for the pupil or develop a program using the educational programs regularly provided by the district unless the board of the district decides otherwise and publishes and explains its decision in a public justification report.

(6) A pupil who wants to repeat an assessment administered under this section may repeat the assessment, without charge to the pupil, in the next school year or after graduation. An individual may repeat an assessment at any time the district administers an applicable assessment instrument or during a retesting period under subsection (8).

(7) The superintendent shall ensure that the length of the assessments used for the purposes of this section and the combined total time necessary to administer all of the assessments are the shortest possible that will still maintain the degree of reliability and validity of the assessment results determined necessary by the superintendent. The superintendent shall ensure that the maximum total combined length of time that schools are required to set aside for administration of all of the assessments used for the purposes of this section does not exceed 8 hours. However, this subsection does not limit the amount of time that individuals may have to complete the assessments.

(8) The superintendent shall establish, schedule, and arrange periodic retesting periods throughout the year until the end of the 2006-2007 school year for individuals who desire to repeat an assessment under this section. The superintendent shall coordinate the arrangements for administering the repeat assessments and shall ensure that the retesting is made available at least within each intermediate district and, to the extent possible, within each district.

(9) A district shall provide accommodations to a pupil with disabilities for the assessments required under this section, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes.

(10) For the purposes of this section, the superintendent shall develop or select and approve assessment instruments to measure pupil performance in English language arts, mathematics, social studies, and science. The assessment instruments shall be based on grade level content expectations or course content expectations,

as appropriate.

(11) Upon written request by the pupil's parent or legal guardian stating that the request is being made for the purpose of providing the pupil with an opportunity to qualify to take 1 or more postsecondary courses as an eligible student under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, or under the career and technical preparation act, 2000 PA 258, MCL 388.1901 to 388.1913, the board of a district shall allow a pupil who is in at least grade 10 to take an assessment administered under this section without charge at any time the district regularly administers the assessment or during a retesting period established under subsection (8). A district is not required to include in an annual education report, or in any other report submitted to the superintendent for accreditation purposes, results of assessments taken under this subsection by a pupil in grade 11 or lower until the results of that pupil's graduating class are otherwise reported.

(12) All assessment instruments developed or selected and approved by the state under any statute or rule for a purpose related to K to 12 education shall be objective-oriented and consistent with grade level content expectations or course content expectations, as appropriate.

(13) Until the end of the 2006-2007 school year, a person who has graduated from high school after 1996 and who has not previously taken an assessment under this section may take an assessment used for the purposes of this section, without charge to the person, at the district from which he or she graduated from high school at any time that district administers the assessment or during a retesting period scheduled under subsection (8) and have his or her scaled score on the assessment included on his or her high school transcript. If the person's scaled score on a subject area assessment falls within the range required under subsection (2) for a category established under subsection (2), the district shall also indicate on the person's high school transcript that the person has achieved state endorsement for that subject area.

(14) Until the end of the 2006-2007 school year, a person who has previously taken an assessment under this section may take a retest on the assessment for the purposes of qualifying for a Michigan merit award under the Michigan merit award scholarship act, 1999 PA 94, MCL 390.1451 to 390.1459. The person may take the retest, without charge to the person, at the district in which he or she is enrolled or resides or, if it is not available in that district, at another location within the intermediate district in which he or she resides, at a regular testing time scheduled for the assessment or during a retesting period scheduled under subsection (8).

(15) A child who is a student in a nonpublic school or home school may take an assessment under this section. To take an assessment, a child who is a student in a home school shall contact the district in which the child resides, and that district shall administer the assessment, or the child may take the assessment at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent shall supply assessments and the nonpublic school may administer the assessment. If a district administers an assessment under this subsection to a child who is not enrolled in the district, the scores for that child are not considered for any purpose to be scores of a pupil of the district.

(16) The purpose of the assessment under this section is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards. These standards are based upon the expectations of what pupils should know and be able to do by the end of grade 11.

(17) As used in this section:

(a) "English language arts" means reading and writing.

(b) "Social studies" means United States history, world history, world geography, economics, and American government.

388.1704b Michigan merit examination.

Sec. 104b. (1) Beginning in the 2006 calendar year, in order to receive state aid under this act, a district shall comply with this section and shall administer the state assessments under section 1279 or the Michigan merit examination to pupils in grade 11 as provided in this section, as follows:

(a) For pupils in grade 11 in the 2005-2006 school year, the provisions concerning state assessments under section 104a apply to all pupils in grade 11 and the Michigan merit examination shall be administered to a sample of pupils in grade 11 statewide, as identified by the department. The pupils to be included in this sample shall be determined by the department as the department determines necessary to seek the approval of the United States department of education to use the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110.

(b) Subject to subdivision (c), for pupils in grade 11 in the 2006-2007 school year and subsequent school years, the Michigan merit examination shall be offered to all pupils in grade 11.

(c) If the United States department of education has not approved the use of the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110, by December 31, 2006, all of the following apply:

(i) The provisions concerning state assessments under section 104a shall continue to apply to all pupils in grade 11 until the next calendar year that begins after that approval occurs.

(ii) The Michigan merit examination shall be offered to all pupils in grade 11 beginning in the next calendar year that begins after that approval occurs.

(iii) If it is necessary as part of the process of continuing to seek the approval of the United States department of education to use the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110, the department may again provide for the administration of both the state assessments under section 104a and the Michigan merit examination to a sample of pupils in grade 11 statewide as described in subdivision (a).

(2) The department shall take all steps necessary, including, but not limited to, conducting a content alignment study and statistical analyses, to obtain the approval of the United States department of education to use the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110, by not later than December 31, 2006 or as soon thereafter as possible.

(3) For the purposes of this section, the department of management and budget shall contract with 1 or more providers to develop, supply, and score the Michigan merit examination. The Michigan merit examination shall consist of all of the following:

(a) Assessment instruments that measure English language arts, mathematics, reading, and science and are used by colleges and universities in this state for entrance or placement purposes.

(b) One or more tests from 1 or more test developers that assess a pupil's ability to apply reading and mathematics skills in a manner that is intended to allow employers to use the results in making employment decisions.

(c) A social studies component.

(d) Any other component that is necessary to obtain the approval of the United States department of education to use the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110.

(4) In addition to all other requirements of this section, all of the following apply to the Michigan merit examination:

(a) The department of management and budget and the superintendent shall ensure that any contractor used for scoring the Michigan merit examination supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The department of management and budget and the superintendent shall ensure that any contractor used for scoring, developing, or processing the Michigan merit examination meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the software engineering institute of Carnegie Mellon university for the first year the Michigan merit examination is offered to all grade 11 pupils and at least meeting level 3 of the capability maturity

model for subsequent years.

(c) The department of management and budget and the superintendent shall ensure that any contract for scoring, administering, or developing the Michigan merit examination includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent shall ensure that the Michigan merit examination meets all of the following:

(i) Is designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Complies with requirements of the no child left behind act of 2001, Public Law 107-110.

(iii) Is consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American psychological association.

(iv) Is factually accurate. If the superintendent determines that a question is not factually accurate and should be removed from an assessment instrument, the state board and the superintendent shall ensure that the question is removed from the assessment instrument.

(5) Beginning with pupils completing grade 11 in 2006, a district shall include on each pupil's high school transcript all of the following:

(a) For each high school graduate who has completed the Michigan merit examination under this section, the pupil's scaled score on each subject area component of the Michigan merit examination.

(b) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(6) The superintendent shall work with the provider or providers of the Michigan merit examination to produce Michigan merit examination subject area scores for each pupil participating in the Michigan merit examination, including scaling and merging of test items for the different subject area components. The superintendent shall design and distribute to districts, intermediate districts, and nonpublic schools a simple and concise document that describes the scoring for each subject area and indicates the scaled score ranges for each subject area.

(7) The Michigan merit examination shall be administered each year after March 1 and before June 1 to pupils in grade 11. The superintendent shall ensure that the Michigan merit examination is scored and the scores are returned to pupils, their parents or legal guardians, and districts not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate at least the pupil's scaled score for each subject area component and the range of scaled scores for each subject area. In reporting the scores to pupils, parents, and schools, the superintendent shall provide standards-specific, meaningful, and timely feedback on the pupil's performance on the Michigan merit examination.

(8) A pupil who does not qualify for a Michigan merit award scholarship under the Michigan merit award scholarship act, 1999 PA 94, MCL 390.1451 to 390.1459, and who wants to repeat the Michigan merit examination may repeat the Michigan merit examination in the next school year on a designated testing date. The first time a pupil repeats the Michigan merit examination under this subsection shall be without charge to the pupil, but the pupil is responsible for paying the cost of any subsequent repeat.

(9) The superintendent shall ensure that the length of the Michigan merit examination and the combined total time necessary to administer all of the components of the Michigan merit examination are the shortest possible that will still maintain the degree of reliability and validity of the Michigan merit examination results determined necessary by the superintendent. The superintendent shall ensure that the maximum total combined length of time that schools are required to set aside for administration of all of the components of the Michigan merit examination does not exceed 8 hours.

(10) A district shall provide accommodations to a pupil with disabilities for the Michigan merit examination, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes. The provider or providers of the Michigan merit examination and the superintendent shall mutually agree upon the accommodations to be provided under this subsection.

(11) To the greatest extent possible, the Michigan merit examination shall be based on grade level content expectations or course content expectations, as appropriate.

(12) A child who is a student in a nonpublic school or home school may take the Michigan merit examination under this section. To take the Michigan merit examination, a child who is a student in a home school shall contact the district in which the child resides, and that district shall administer the Michigan merit examination, or the child may take the Michigan merit examination at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent shall direct the provider or

providers to supply the Michigan merit examination to the nonpublic school and the nonpublic school may administer the Michigan merit examination. If a district administers the Michigan merit examination under this subsection to a child who is not enrolled in the district, the scores for that child are not considered for any purpose to be scores of a pupil of the district.

(13) In contracting under subsection (3), the department of management and budget shall consider a contractor that provides electronically-scored essays with the ability to score constructed response feedback in multiple languages and provide ongoing instruction and feedback.

(14) The purpose of the Michigan merit examination is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards and promotes pupil participation in higher level mathematics, science, social studies, and English language arts courses. These standards are based upon the expectations of what pupils should learn through high school and are aligned with national standards.

(15) As used in this section:

(a) "English language arts" means reading and writing.

(b) "Social studies" means United States history, world history, world geography, economics, and American government.

388.1705 Counting nonresident pupils in membership; application for enrollment; procedures.

Sec. 105. (1) In order to avoid a penalty under this section, and in order to count a nonresident pupil residing within the same intermediate district in membership without the approval of the pupil's district of residence, a district shall comply with this section.

(2) Except as otherwise provided in this section, a district shall determine whether or not it will accept applications for enrollment by nonresident applicants residing within the same intermediate district for the next school year. If the district determines to accept applications for enrollment of a number of nonresidents, beyond those entitled to preference under this section, the district shall use the following procedures for accepting applications from and enrolling nonresidents:

(a) The district shall publish the grades, schools, and special programs, if any, for which enrollment may be available to, and for which applications will be accepted from, nonresident applicants residing within the same intermediate district.

(b) If the district has a limited number of positions available for nonresidents residing within the same intermediate district in a grade, school, or program, all of the following apply to accepting applications for and enrollment of nonresidents in that grade, school, or program:

(i) The district shall do all of the following not later than the second Friday in August:

(A) Provide notice to the general public that applications will be taken for a 15-day period from nonresidents residing within the same intermediate district for enrollment in that grade, school, or program. The notice shall identify the 15-day period and the place and manner for submitting applications.

(B) During the application period under sub-subparagraph (A), accept applications from nonresidents residing within the same intermediate district for enrollment in that grade, school, or program.

(C) Within 15 days after the end of the application period under sub-subparagraph (A), using the procedures and preferences required under this section, determine which nonresident applicants will be allowed to enroll in that grade, school, or program, using the random draw system required under subsection (14) as necessary, and notify the parent or legal guardian of each nonresident applicant of whether or not the applicant may enroll in the district. The notification to parents or legal guardians of nonresident applicants accepted for enrollment shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(ii) Beginning on the third Monday in August and not later than the end of the first week of school, if any positions become available in a grade, school, or program due to accepted applicants failing to enroll or to more positions being added, the district may enroll nonresident applicants from the waiting list maintained under subsection (14), offering enrollment in the order that applicants appear on the waiting list. If there are still positions available after enrolling all applicants from the waiting list who desire to enroll, the district may not fill those positions until the second semester enrollment under subsection (3), as provided under that subsection, or until the next school year.

(c) For a grade, school, or program that has an unlimited number of positions available for nonresidents

residing within the same intermediate district, all of the following apply to enrollment of nonresidents in that grade, school, or program:

(i) The district may accept applications for enrollment in that grade, school, or program, and may enroll nonresidents residing within the same intermediate district in that grade, school, or program, until the end of the first week of school. The district shall provide notice to the general public of the place and manner for submitting applications and, if the district has a limited application period, the notice shall include the dates of the application period. The application period shall be at least a 15-day period.

(ii) Not later than the end of the first week of school, the district shall notify the parent or legal guardian of each nonresident applicant who is accepted for enrollment that the applicant has been accepted for enrollment in the grade, school, or program and of the date by which the applicant must enroll in the district and the procedures for enrollment.

(3) If a district determines during the first semester of a school year that it has positions available for enrollment of a number of nonresidents residing within the same intermediate district, beyond those entitled to preference under this section, for the second semester of the school year, the district may accept applications from and enroll nonresidents residing within the same intermediate district for the second semester using the following procedures:

(a) Not later than 2 weeks before the end of the first semester, the district shall publish the grades, schools, and special programs, if any, for which enrollment for the second semester may be available to, and for which applications will be accepted from, nonresident applicants residing within the same intermediate district.

(b) During the last 2 weeks of the first semester, the district shall accept applications from nonresidents residing within the same intermediate district for enrollment for the second semester in the available grades, schools, and programs.

(c) By the beginning of the second semester, using the procedures and preferences required under this section, the district shall determine which nonresident applicants will be allowed to enroll in the district for the second semester and notify the parent or legal guardian of each nonresident applicant residing within the same intermediate district of whether or not the applicant may enroll in the district. The notification to parents or legal guardians of nonresident applicants accepted for enrollment shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(4) If deadlines similar to those described in subsection (2) or (3) have been established in an intermediate district, and if those deadlines are not later than the deadlines under subsection (2) or (3), the districts within the intermediate district may use those deadlines.

(5) A district offering to enroll nonresident applicants residing within the same intermediate district may limit the number of nonresident pupils it accepts in a grade, school, or program, at its discretion, and may use that limit as the reason for refusal to enroll an applicant.

(6) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based on intellectual, academic, artistic, or other ability, talent, or accomplishment, or lack thereof, or based on a mental or physical disability, except that a district may refuse to admit a nonresident applicant if the applicant does not meet the same criteria, other than residence, that an applicant who is a resident of the district must meet to be accepted for enrollment in a grade or a specialized, magnet, or intra-district choice school or program to which the applicant applies.

(7) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based on age, except that a district may refuse to admit a nonresident applicant applying for a program that is not appropriate for the age of the applicant.

(8) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based upon religion, race, color, national origin, sex, height, weight, marital status, or athletic ability, or, generally, in violation of any state or federal law prohibiting discrimination.

(9) Subject to subsection (10), a district may refuse to enroll a nonresident applicant if any of the following are met:

(a) The applicant is, or has been within the preceding 2 years, suspended from another school.

(b) The applicant, at any time before enrolling under this section, has been expelled from another school.

(c) The applicant, at any time before enrolling under this section, has been convicted of a felony.

(10) If a district has counted a pupil in membership on either the pupil membership count day or the supplemental count day, the district shall not refuse to enroll or refuse to continue to enroll that pupil for a reason specified in subsection (9). This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

(11) A district shall continue to allow a pupil who was enrolled in and attended the district under this section in the school year or semester immediately preceding the school year or semester in question to enroll in the district until the pupil graduates from high school. This subsection does not prohibit a district from

expelling a pupil described in this subsection for disciplinary reasons.

(12) A district shall give preference for enrollment under this section over all other nonresident applicants residing within the same intermediate district to other school-age children who reside in the same household as a pupil described in subsection (11).

(13) If a nonresident pupil was enrolled in and attending school in a district as a nonresident pupil in the 1995-96 school year and continues to be enrolled continuously each school year in that district, the district shall allow that nonresident pupil to continue to enroll in and attend school in the district until high school graduation, without requiring the nonresident pupil to apply for enrollment under this section. This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

(14) If the number of qualified nonresident applicants eligible for acceptance in a school, grade, or program does not exceed the positions available for nonresident pupils in the school, grade, or program, the school district shall accept for enrollment all of the qualified nonresident applicants eligible for acceptance. If the number of qualified nonresident applicants residing within the same intermediate district eligible for acceptance exceeds the positions available in a grade, school, or program in a district for nonresident pupils, the district shall use a random draw system, subject to the need to abide by state and federal antidiscrimination laws and court orders and subject to preferences allowed by this section. The district shall develop and maintain a waiting list based on the order in which nonresident applicants were drawn under this random draw system.

(15) If a district, or the nonresident applicant, requests the district in which a nonresident applicant resides to supply information needed by the district for evaluating the applicant's application for enrollment or for enrolling the applicant, the district of residence shall provide that information on a timely basis.

(16) If a district is subject to a court-ordered desegregation plan, and if the court issues an order prohibiting pupils residing in that district from enrolling in another district or prohibiting pupils residing in another district from enrolling in that district, this section is subject to the court order.

(17) This section does not require a district to provide transportation for a nonresident pupil enrolled in the district under this section or for a resident pupil enrolled in another district under this section. However, at the time a nonresident pupil enrolls in the district, a district shall provide to the pupil's parent or legal guardian information on available transportation to and from the school in which the pupil enrolls.

(18) A district may participate in a cooperative education program with 1 or more other districts or intermediate districts whether or not the district enrolls any nonresidents pursuant to this section.

(19) A district that, pursuant to this section, enrolls a nonresident pupil who is eligible for special education programs and services according to statute or rule, or who is a child with disabilities, as defined under the individuals with disabilities education act, Public Law 108-446, shall be considered to be the resident district of the pupil for the purpose of providing the pupil with a free appropriate public education. Consistent with state and federal law, that district is responsible for developing and implementing an individualized education plan annually for a nonresident pupil described in this subsection.

(20) If a district does not comply with this section, the district forfeits 5% of the total state school aid allocation to the district under this act.

(21) Upon application by a district, the superintendent may grant a waiver for the district from a specific requirement under this section for not more than 1 year.

388.1705c Enrollment by nonresident applicants residing in district located in a contiguous intermediate district.

Sec. 105c. (1) In order to avoid a penalty under this section, and in order to count a nonresident pupil residing in a district located in a contiguous intermediate district in membership without the approval of the pupil's district of residence, a district shall comply with this section.

(2) Except as otherwise provided in this section, a district shall determine whether or not it will accept applications for enrollment by nonresident applicants residing in a district located in a contiguous intermediate district for the next school year. If the district determines to accept applications for enrollment of a number of nonresidents under this section, beyond those entitled to preference under this section, the district shall use the following procedures for accepting applications from and enrolling nonresidents under this section:

(a) The district shall publish the grades, schools, and special programs, if any, for which enrollment may be available to, and for which applications will be accepted from, nonresident applicants residing in a district located in a contiguous intermediate district.

(b) If the district has a limited number of positions available for nonresidents residing in a district located in a contiguous intermediate district in a grade, school, or program, all of the following apply to accepting applications for and enrollment of nonresidents under this section in that grade, school, or program:

(i) The district shall do all of the following not later than the second Friday in August:

(A) Provide notice to the general public that applications will be taken for a 15-day period from nonresidents residing in a district located in a contiguous intermediate district for enrollment in that grade, school, or program. The notice shall identify the 15-day period and the place and manner for submitting applications.

(B) During the application period under sub-subparagraph (A), accept applications from nonresidents residing in a district located in a contiguous intermediate district for enrollment in that grade, school, or program.

(C) Within 15 days after the end of the application period under sub-subparagraph (A), using the procedures and preferences required under this section, determine which nonresident applicants will be allowed to enroll under this section in that grade, school, or program, using the random draw system required under subsection (14) as necessary, and notify the parent or legal guardian of each nonresident applicant of whether or not the applicant may enroll in the district. The notification to parents or legal guardians of nonresident applicants accepted for enrollment under this section shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(ii) Beginning on the third Monday in August and not later than the end of the first week of school, if any positions become available in a grade, school, or program due to accepted applicants failing to enroll or to more positions being added, the district may enroll nonresident applicants from the waiting list maintained under subsection (14), offering enrollment in the order that applicants appear on the waiting list. If there are still positions available after enrolling all applicants from the waiting list who desire to enroll, the district may not fill those positions until the second semester enrollment under subsection (3), as provided under that subsection, or until the next school year.

(c) For a grade, school, or program that has an unlimited number of positions available for nonresidents residing in a district located in a contiguous intermediate district, all of the following apply to enrollment of nonresidents in that grade, school, or program under this section:

(i) The district may accept applications for enrollment in that grade, school, or program, and may enroll nonresidents residing in a district located in a contiguous intermediate district in that grade, school, or program, until the end of the first week of school. The district shall provide notice to the general public of the place and manner for submitting applications and, if the district has a limited application period, the notice shall include the dates of the application period. The application period shall be at least a 15-day period.

(ii) Not later than the end of the first week of school, the district shall notify the parent or legal guardian of each nonresident applicant who is accepted for enrollment under this section that the applicant has been accepted for enrollment in the grade, school, or program and of the date by which the applicant must enroll in the district and the procedures for enrollment.

(3) If a district determines during the first semester of a school year that it has positions available for

enrollment of a number of nonresidents residing in a district located in a contiguous intermediate district, beyond those entitled to preference under this section, for the second semester of the school year, the district may accept applications from and enroll nonresidents residing in a district located in a contiguous intermediate district for the second semester using the following procedures:

(a) Not later than 2 weeks before the end of the first semester, the district shall publish the grades, schools, and special programs, if any, for which enrollment for the second semester may be available to, and for which applications will be accepted from, nonresident applicants residing in a district located in a contiguous intermediate district.

(b) During the last 2 weeks of the first semester, the district shall accept applications from nonresidents residing in a district located in a contiguous intermediate district for enrollment for the second semester in the available grades, schools, and programs.

(c) By the beginning of the second semester, using the procedures and preferences required under this section, the district shall determine which nonresident applicants will be allowed to enroll under this section in the district for the second semester and notify the parent or legal guardian of each nonresident applicant residing in a district located in a contiguous intermediate district of whether or not the applicant may enroll in the district. The notification to parents or legal guardians of nonresident applicants accepted for enrollment shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(4) If deadlines similar to those described in subsection (2) or (3) have been established in an intermediate district, and if those deadlines are not later than the deadlines under subsection (2) or (3), the districts within the intermediate district may use those deadlines.

(5) A district offering to enroll nonresident applicants residing in a district located in a contiguous intermediate district may limit the number of those nonresident pupils it accepts in a grade, school, or program, at its discretion, and may use that limit as the reason for refusal to enroll an applicant under this section.

(6) A nonresident applicant residing in a district located in a contiguous intermediate district shall not be granted or refused enrollment based on intellectual, academic, artistic, or other ability, talent, or accomplishment, or lack thereof, or based on a mental or physical disability, except that a district may refuse to admit a nonresident applicant under this section if the applicant does not meet the same criteria, other than residence, that an applicant who is a resident of the district must meet to be accepted for enrollment in a grade or a specialized, magnet, or intra-district choice school or program to which the applicant applies.

(7) A nonresident applicant residing in a district located in a contiguous intermediate district shall not be granted or refused enrollment under this section based on age, except that a district may refuse to admit a nonresident applicant applying for a program that is not appropriate for the age of the applicant.

(8) A nonresident applicant residing in a district located in a contiguous intermediate district shall not be granted or refused enrollment under this section based upon religion, race, color, national origin, sex, height, weight, marital status, or athletic ability, or, generally, in violation of any state or federal law prohibiting discrimination.

(b) The applicant, at any time before enrolling under this section, has been expelled from another school.

(c) The applicant, at any time before enrolling under this section, has been convicted of a felony.

(10) If a district has counted a pupil in membership on either the pupil membership count day or the supplemental count day, the district shall not refuse to enroll or refuse to continue to enroll that pupil for a reason specified in subsection (9). This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

(11) A district shall continue to allow a pupil who was enrolled in and attended the district under this section in the school year or semester immediately preceding the school year or semester in question to enroll in the district until the pupil graduates from high school. This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

(12) A district shall give preference for enrollment under this section over all other nonresident applicants residing in a district located in a contiguous intermediate district to other school-age children who reside in the same household as a pupil described in subsection (11).

(13) If a nonresident pupil was enrolled in and attending school in a district as a nonresident pupil in the 1995-96 school year and continues to be enrolled continuously each school year in that district, the district shall allow that nonresident pupil to continue to enroll in and attend school in the district until high school graduation, without requiring the nonresident pupil to apply for enrollment under this section. This subsection

does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

(14) If the number of qualified nonresident applicants eligible for acceptance under this section in a school, grade, or program does not exceed the positions available for nonresident pupils under this section in the school, grade, or program, the school district shall accept for enrollment all of the qualified nonresident applicants eligible for acceptance. If the number of qualified nonresident applicants residing in a district located in a contiguous intermediate district eligible for acceptance under this section exceeds the positions available in a grade, school, or program in a district for nonresident pupils, the district shall use a random draw system, subject to the need to abide by state and federal antidiscrimination laws and court orders and subject to preferences allowed by this section. The district shall develop and maintain a waiting list based on the order in which nonresident applicants were drawn under this random draw system.

(15) If a district, or the nonresident applicant, requests the district in which a nonresident applicant resides to supply information needed by the district for evaluating the applicant's application for enrollment or for enrolling the applicant under this section, the district of residence shall provide that information on a timely basis.

(16) If a district is subject to a court-ordered desegregation plan, and if the court issues an order prohibiting pupils residing in that district from enrolling in another district or prohibiting pupils residing in another district from enrolling in that district, this section is subject to the court order.

(17) This section does not require a district to provide transportation for a nonresident pupil enrolled in the district under this section or for a resident pupil enrolled in another district under this section. However, at the time a nonresident pupil enrolls in the district, a district shall provide to the pupil's parent or legal guardian information on available transportation to and from the school in which the pupil enrolls.

(18) A district may participate in a cooperative education program with 1 or more other districts or intermediate districts whether or not the district enrolls any nonresidents pursuant to this section.

(19) In order for a district or intermediate district to enroll pursuant to this section a nonresident pupil who resides in a district located in a contiguous intermediate district and who is eligible for special education programs and services according to statute or rule, or who is a child with disabilities, as defined under the individuals with disabilities education act, Public Law 108-446, the enrolling district shall have a written agreement with the resident district of the pupil for the purpose of providing the pupil with a free appropriate public education. The written agreement shall include, but is not limited to, an agreement on the responsibility for the payment of the added costs of special education programs and services for the pupil.

(20) If a district does not comply with this section, the district forfeits 5% of the total state school aid allocation to the district under this act.

(21) Upon application by a district, the superintendent may grant a waiver for the district from a specific requirement under this section for not more than 1 year.

(22) This section is repealed if the final decision of a court of competent jurisdiction holds that any portion of this section is unconstitutional, ineffective, invalid, or in violation of federal law.

(23) As used in this section, "district located in a contiguous intermediate district" means a district located in an intermediate district that is contiguous to the intermediate district in which a pupil's district of residence is located.

(16) A district or intermediate district receiving funds under this section may establish a sliding scale of tuition rates based upon a participant's family income. A district or intermediate district may charge a participant tuition to receive adult education services under this section from that sliding scale of tuition rates on a uniform basis. The amount of tuition charged per participant shall not exceed the actual operating cost per participant minus any funds received under this section per participant. A district or intermediate district may not charge a participant tuition under this section if the participant's income is at or below 200% of the federal poverty guidelines published by the United States department of health and human services.
